

GWPCA Stud Dog Listing

The GWPCA stud dog Directory is a form of classified advertising where **members of the GWPCA** pay a fee for an annual listing in the directory. The stud dog Directory is for GWPCA members and is published as a service to club members and interested members of the public who wish to investigate German Wirehaired Pointer stud dogs.

The information you provide below will appear on the GWPCA web page (www.GWPCA.com) and will be given to people inquiring about a stud dog by our breeder referral chair. The breeder listing is an annual service and runs in conjunction with your GWPCA membership. We will however update the stud dog listing page continuously throughout the year.
